

1. MIGRATION POLICY

All international students must strictly follow Russian migration laws. Failure to comply may result in fines, expulsion, or entry bans. The university provides support through the **Passport and Visa Sector** and the **Center for International Education**.

1.1 Migration Card

- This card is issued **free of charge** at the border checkpoint every time you enter Russia.
 - It is mandatory for all foreign students except citizens of the Republic of Belarus.
 - **Important:** When filling it out, make sure the "**Purpose of travel**" field says "**Учеба**" (**Education**) – this is critical for your student status.
 - Keep your migration card with your passport at all times. You must hand it over to border control when leaving Russia.
-

1.2 Entry Visa

- A visa is required for students coming from countries that have a visa regime with Russia.
 - Your first visa is a **single-entry visa** issued by the Russian Consulate in your home country. It allows you to enter Russia and stay legally.
 - **After arrival**, this single-entry visa must be **extended** to a multiple-entry visa valid for one year. The extension procedure is handled by the Passport and Visa Sector.
-

1.3 Migration Registration (Place of Stay)

- Registration is **mandatory** for every foreign student. It confirms your legal address in Russia.
- You must apply for registration **within the next working day** after each entry into Russia or after any change of your actual place of residence.
- The place where you register depends on where you live:

If you live in an MGSU dormitory – go to the Passport and Visa Sector (room 201-2 A in the УЛБ building) with your documents. Their opening hours are Monday, Tuesday, Thursday from 14:00 to 18:00, and Friday from 14:00 to 16:45.

If you rent a private apartment – the landlord (property owner) is responsible for your registration. You must provide them with your passport, migration card, and a copy of your study contract, and they will submit the application to the migration authorities.

If you stay in a hotel or hostel – the reception staff will register you for the duration of your stay.

- **Note:** You must inform the Passport and Visa Sector about your current address and notify them immediately if it changes.

Documents required for registration:

- For **visa-required countries**: original passport + copy, visa + copy, migration card, rental contract (if applicable) + copy.
- For **visa-free countries**: original passport + copy, migration card, rental contract + copy, plus your study contract or official referral from the Ministry of Science and Higher Education of Russia, and a certificate from the Passport and Visa Sector confirming your student status.

When travelling inside Russia:

- If you stay in a hotel or hostel, your current registration is temporarily cancelled. The hotel/hostel will give you a new registration for the period of your stay. When you return to your dormitory, you must apply for a new registration on the next working day.
- If you are hospitalised, ask the medical staff whether they have registered you. After discharge, you need to register again with your new address.

1.4 Medical Examination, Fingerprinting and Photographing (MODF Certificate)

Russian law requires all foreign students who stay in Russia for more than 90 days to undergo a medical examination, fingerprinting, and photographing within 90 days of arrival. **However, we strongly recommend starting these procedures immediately upon arrival** because the entire process takes about one month.

Who is exempt? Citizens of Belarus, and foreign citizens who already hold a Temporary Residence Permit, Temporary Residence Permit for Students, or a Permanent Residence Permit.

Penalties for non-compliance: reduction of your permitted stay period, expulsion from Russia, and a 3-year ban on re-entry.

Medical examination – where to go:

- **Moscow City Tuberculosis Control Center** – located at Dokukina Street, 18. Working hours: Monday to Friday 08:00–20:00, Saturday 09:00–16:00.

- Alternatively, you can go to the **Sakharovo Multifunctional Migration Center** – Varshavskoye Shosse, 64th km, building 1, structure 47. It is open daily from 08:00 to 20:00.

Documents you need for the medical exam: original passport + copy, notarised translation of your passport into Russian, migration card, your current registration, and your student ID card.

Fingerprinting and photographing – where to go:

- **Migration Center** – Bakhrushin Street, 18, building 1. Open Monday–Friday 09:00–18:00.
- Or again at the **Sakharovo Multifunctional Migration Center** (address above).

After you complete fingerprinting, you will receive a green card. You must bring this card to the Passport and Visa Sector at Yaroslavskoye Shosse, 26, room 201-2 А УЛБ. Their hours are Monday–Thursday 14:00–18:00 and Friday 14:00–16:45.

1.5 Extension of Stay

For visa-required students:

- Your single-entry visa must be extended to a multiple-entry visa valid for **one calendar year**. You must repeat this extension every year until you finish your studies.
- You may apply for extension **no earlier than 90 days** and **no later than 45 days** before your current visa expires.
- Submit your documents to the Passport and Visa Sector at the same address.

For visa-free students:

- Your migration registration can be extended for one year.
- You must apply **not earlier than 3 months** and **not later than 14 working days** before your current registration expires.
- A valid Voluntary Medical Insurance (VMI) policy is required for extension.

Contact details for the Passport and Visa Sector:

- Address: Moscow, Yaroslavskoye Shosse, 26, room 201-2 А УЛБ.

2.1 Student ID Card

- Issued by your Dean's Office (YML) after enrolment.
- It confirms your student status and is required for various benefits and services.
- If you lose it, contact your Dean's Office for a duplicate.

2.2 Electronic Entry Badge

- This pass gives you access to university buildings and, if you live in a dormitory, to your dormitory.
- Obtain it from the **Pass Office** (room 213 in the KMK building). Opening hours: Monday–Thursday 14:00–18:00, Friday 14:00–16:45.

2.3 Library Pass

- Issued at the Scientific and Technical Library. It allows you to borrow books and use electronic resources of the MGSU library.

2.4 Bank Cards and SIM Cards – Step-by-Step Process

To get a Russian bank card and a SIM card, follow this sequence:

1. Obtain your temporary migration registration and get your passport translated into Russian and notarised.
2. Visit any MFC (the “My Documents” centre) to apply for a **SNILS** (Russian pension insurance number) and to verify your account on the Gosuslugi (State Services) portal. Bring your passport, notarised translation, migration card, and registration.
3. Complete **biometric registration** – this can be done at a bank branch or at a special biometric centre. You will need your passport, notarised translation, SNILS, and verified Gosuslugi account.
4. Buy a Russian SIM card from an official operator (MTS, Megafon, Beeline, Tele2, Yota). Requirements vary, but usually you need your passport, SNILS, and biometrics. Some banks can issue SIM cards directly.
5. Apply for a bank card at a major bank (Sberbank, VTB, T-Bank, Alfa-Bank, etc.). You will typically need your passport, registration, SIM card, and sometimes SNILS.

Simplified approach: Get registration → translate and notarise passport → go to MFC for SNILS and Gosuslugi verification → visit a bank (get SIM card and apply for card in one place).

2.5 Moscow Social Card (for discounted travel)

To obtain this card, you must:

- Have SNILS.

- Bring a copy of your SNILS to your Dean's Office so they can enter it into the university's electronic system.
- Also bring a copy to room 201 А УЛБ.
- Wait 4-5 days for processing.
- Then apply for the social card following the instructions on the MGSU website: <https://mgsu.ru/news/Universitet/Oformleniesotsialnoykartystudenta/>

2.6 Health Insurance (Voluntary Medical Insurance – VMI)

- Although VMI is generally a voluntary type of insurance, for foreign students it is **mandatory** throughout the entire period of stay in Russia.
- The policy gives you the right to receive qualified medical care in Russian medical institutions.
- You can buy a VMI policy from insurance companies recommended by MGSU.

2.7 Student Personal Account (online)
